

RusticHeart
PHOTOGRAPHY

Welcome

RusticHeart Photography is made up of two wonderful photographers who LOVE their job! Sarah & Kyle have had the joy of photographing many wonderful clients in California, New Hampshire and here in their new home state, Virginia since 2009.

Sarah began her photographic career in 2006 as she continued on her education at Ringling School Of Art & Design. It was there she realized that having the natural eye for art just could not be taught! She moved back home and continued on her journey as novice in NH, creating photos and designs for families and friends. Soon after, she realized that her “hobby” was more than a just that. After many moves, as a result of being a military wife, she made her final move to Virginia, where fate would have it... met someone who shared the same love.

Kyle as an accomplished natural photographer her found herself behind the lens after a month long backpacking adventure through Europe with her sister and mother in 2002. She was instantly inspired after experiencing all the beauty and disharmony the world had to offer. Upon her return frmo Europe Kyle got her first 35mm camera and the passion and drive followed. After more world travels she focused mainly on the environment, landscape and still life photography. She then began to widen her vision and started to work with families, children and bridal parties. She attended school in California to study photography and the rest is history. After also experiencing many moves as a military wife, she made her last voyage and set up their home in Virginia.

Kyle & Sarah met and became the best of friends through their husbands who are both Firefighters.

RusticHeart Photography

Together, these girls pour their hearts and souls into every photographic frame. With their elegant and unique style, they will bring you the most vibrant, detailed and eye-catching photographs that will make you smile for years to come.

Why Choose RusticHeart Photography?

RusticHeart Photography is so much more than just a photography company. It is a love and passion that has been in the making for 10 years.

When you are choosing your Photographer, you are trusting in someone to capture a moment in time. That in itself is a stressful decision to make, and we want you to know that your moments are what make our cameras flash, our eyes water and our hearts beat. It is your celebrations and milestones that inspire us, guide us and assure us that we have followed our dreams down the right path.

Every moment captured with us is unique and tailored to you and your loved ones needs and desires, with not one mind but two. Kyle & Sarah together work on every single session seamlessly to bring your visions and memories to life. They both offer so much and not only make the best team, but the best of friends.

“We promise that your eyes will light up with joy, your hearts will flutter and your soul will glow with pure happiness when you look at the photos we take for you. This is so much more to us than just a business, it is our passion, dream and life.”

The logo for Rustic Heart Photography is a central, ornate, light brown shape with a scalloped border and decorative flourishes. Inside the shape, the words "Rustic Heart" are written in a large, elegant, gold-colored serif font, with "PHOTOGRAPHY" in a smaller, gold-colored sans-serif font below it. To the left of the shape, the word "Session" is written in a gold-colored serif font, and to the right, the word "Packages" is written in a gold-colored serif font.

Pounded

Frequently

Q.) What does that mean “Unlimited Photos”?

A.) On your day we shoot as much as we can within the time given. We NEVER limit our clients to a certain amount of photos. If we get 100 final edited photos, so do you. Our average is about 30 photos for 1 hour.

Q.) Wait...there's more than one head photographer?

A.) Yes! We are a two man(woman) team. We both work with you from beginning to end to bring you the best of two photographers, in one pretty wrapped up present!

Q.) Do you travel? Or do destination Events?

A.) Gladly! We make it super easy and include all travel expenses in your final price. (Note - quotes given with travel expenses are VERY time sensitive due to the influx of airline/hotel prices. Quotes will only be current for 3 days.)

Q.) When will I get my photos?

A.) We know how exciting and anxious it is waiting for photos, trust me... we ourselves cant wait to jump on our computers and get them to you ASAP. Turn around time for shoot (Except Weddings) is typically only 1-2 week turnaround time.

Q.) Do you offer discounts?

A.) We do! Our military members and their direct families (Spouses) receive a 10% discount off the final price! Other discounts would be announced only as specials. (Check our FB Page)

Q.) What does that mean “Printing Rights”?

A.) The images shot by RusticHeart Photography are owned by the company. We hold the copyright to those images, meaning we are the only ones who can use them, print them, sell them, etc. A copyright/printing release is provided to allow you the rights to make prints of the images, or other actions (such as posting online, sharing with family etc.) specified within the release. You can get more details on our “release form”.

Q.) Do you offer prints?

A.) We can! However, we feel that while most photographers make the most of their money this way... we would rather you have the choice. We want the open market at your disposal to find the best fit for you. We do recognize several options and will gladly point you in the right direction!

Q.) How and when do I pay?

A.) We ask that all clients sign our copyright release form/contract and pay for half of the total cost up front. Then when your photos are done, we ask that you pay the remaining balance. If you want it expedited, we ask that you pay 100% up front.
